Subject: Property Exchange RFPP

Henree & Rick, As you know, the RFPP for property exchange of the GEM/Tharpe Street property was discussed by the Board during its 5/20 meeting, and the RFPP has not been released. During the meeting, Rick raised concerns about issuing the RFPP without knowing the full extent of the potential FDOT impact (such as elevation and number of spaces impacted), the concern as to how payment by FDOT for a taking would be handled, and how long GEM may need to remain in the Tharpe Street building. Henree, I understand you had some of the same concerns, and perhaps others.

Please let me know what your concerns are with the RFPP, as presented to the Board on 5/20/03. A link to the agenda item and attachments, including the RFPP, follows:

<http://www.co.leon.fl.us/ADMIN/Agenda/past.asp>

Go to the above location, to the May 20 agenda, and to Item #9 for the relevant documents.

Please respond via e-mail or give me a call (487-0613). Thanks! Kim
